

Getting Practical in York

Improving practical work in science:

The training will include a reflective session on 'Why do we do practical work?'. This will lead into interactive sessions on staging and modelling effective practical work and action planning. There will be networking opportunities and advice on where to find high quality practical science resources.

For more details go to www.gettingpractical.org.uk

Sue Atkinson is the Cross-phase Teaching & Learning Consultant for Science in York LA and is a qualified trainer for Getting Practical. The training is offered to teachers from both **Primary and Secondary** schools and is a real opportunity to work cross-phase, sharing ideas and expertise.

Dates and venues:

Full day:

July 5th 2011 at York LA Training room, Eccles Building YO31 0GW

Over 3 Twilight sessions:

April 7th, May 26th, June 9th 2011 at York High School.

To book a place on-line go to <http://www.yor-ok.org.uk/tdu> or contact Sue Atkinson on sue.atkinson@york.gov.uk for further details

'Very good CPD and I can see quite a few 'light bulb moments' in teachers
